

Professional Experience

Associate Technical Consultant

Jan 2025 - Present

Oracle ([Live Demo](#))

Bengaluru, India

- Led UI enhancements in Siebel OpenUI using JavaScript, improving navigation efficiency and reducing client-reported issues by **30%** as part of a large-scale telecom CRM modernization initiative.
- Developed optimized order management and activation workflows using **Siebel Tools**, scripting, SOAP UI, and REST APIs, ensuring **SLA** compliance while resolving critical workflow and integration defects.
- Enhanced Siebel product catalog and pricing configuration through dynamic bundling and compatibility validation, reducing configuration time and improving order accuracy across integrated systems.
- Created automation utilities and a real-time CRM monitoring dashboard leveraging REST/SOAP integrations, saving **20+ hours/week** and enhancing deployment reliability by **45%** via CI/CD pipelines (Jenkins, Git, Bash)
- Collaborated with cross-functional business and technical teams to validate requirements, execute continuous testing, and triage issues, ensuring seamless delivery within the Communications organization.

Software Engineering Intern

Sept 2024 - Oct 2024

Bharat Electronics Limited

Bengaluru, India

- Built a secure offline document summarization system using **Python and Transformer-based NLP models**, designed for defense-grade environments; accomplished **40% accuracy improvement** through model fine-tuning, optimized tokenization, and advanced preprocessing.
- Designed a privacy-focused full-stack application with a **FastAPI** backend and **React Native** frontend, enabling secure file uploads, automated summary generation, and exports without internet connectivity.

Technical Skills

- **CRM Platforms** : Siebel CRM (OpenUI, Order Management, Product Configuration) .
- **Programming Languages** : C++, Python, JavaScript.
- **Frontend** : React.js, Next.js, HTML5, CSS3, Tailwind CSS .
- **Backend** : Node.js, Express.js, FastAPI, REST APIs.
- **DevOps & CI/CD** : Jenkins, Docker, Kubernetes, Git, GitHub, Linux, Bash.
- **Databases** : MySQL, MongoDB.
- **Machine Learning** : Transformers, Scikit-learn, OpenCV, Gen AI, LLMs, RAG, Langchain, LangGraph.
- **Tools & Testing** : SOAP UI, Postman, WebSockets, Unix Shell Scripting.

Projects

Privee – Secure Encrypted Messaging Platform | *React.js, Node.js, WebRTC*

[GitHub](#) | [Preview](#)

- A privacy-focused chat app featuring WebSocket-driven real-time messaging and automatic message deletion.
- Implemented voice and video communication using WebRTC, with secure peer-to-peer media transmission.
- Created a fully responsive Framer Motion animations and support for seamless cross-device experience.

Multi-Modal Emotion Detection System | *Python, OpenCV, TensorFlow, Flask*

[GitHub](#)

- A real-time emotion classification system processing facial, audio and text inputs using an ensemble approach.
- Attained **92% accuracy** by integrating CNN-based visual recognition with NLP-driven sentiment analysis.
- An interactive Flask web application featuring live webcam feed, voice input, and an analytics dashboard.

Additional Projects: github.com/me21jarus – Satellite Imagery Change Detection and many more projects.

Education

M S Ramaiah Institute of Technology

Dec 2021– July 2025

B.E. in Information Science and Engineering — CGPA: 9.15/10.00

Bengaluru, India

- Achieved 3rd position among 40+ teams in final-year project evaluation based on real-world Problem Solving.
- Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Software Engineering.

SIR MV PU College

2019– 2021

12th Grade– State Board — 95%

Davangere, India

– KCET Rank: 3904

Kendriya Vidyalaya, Davangere

2018– 2019

10th Grade– CBSE — 90%

Davangere, India

– Served as School Vice Captain; secured 2nd place in a state
